WOMAN KILLED BY STROKE OF LIGHTNING

During the severe electrical storm which prevailed Wednesday afternoon, Mrs. William Rogers, aged forty-three, residing on the old Brannock farm, on the Ruddles Mills road, three miles from Paris, was struck by a bolt of lightning and instantly killed.

Mrs. Rogers, with two little children, had been in a small grove in the rear of the house, washing and ironing some clothes. When the storm came up she started to the home, preceded by the children. As she passed under a small tree near the home, a bolt of lightning descended, splitting the tree from top to bottom, and striking Mrs. Rogers at the same time. A straw hat on her head was torn to pieces, and her clothing torn from her body, which was badly seared by the passage of the electric current. One of the children was stunned by the stroke, the other escaping in safety. Dr. D. B. Anderson, who happened to be passing at the time, was called in. He made an examination, and pronounced Mrs. Rogers dead beyond all hope of revival. Coroner Rudolph Davis was summoned and conducted an investigation, a formal inquest being deemed unnecessary. About eighteen years ago Mr. Rogers' first wife was burned to death when their home in Nicholas county was burned. Mrs. Rogers is survived by her husband, J. Wm. Rogers, three sons, Edward, Charles and David Rogers, four daughters, Lamonta, Ida, Minnie and Christine, all of whom reside at home; also by three sisters, Bessie Walton, Mrs. Clara Hawkins, of Mayslick, Mrs. Matilda North, of North Carolina, and two brothers, Marshall and Homer Walton, both of Mayslick.

The funeral was held yesterday afternoon at four o'clock, with services conducted at the home by Rev. P. F. Adams, of Mayslick. The body was taken to Carlisle, for interment in the Carlisle Cemetery, where short services were also conducted at the grave.

CONTRACT FOR SURFACING PARIS PIKE

The State Highway Department will let a contract July 25, for surfacing the Paris pike from North Middletown to the Montgomery line. This thoroughfare has been put in excellent condition by the county, and will shortly be taken over by the State and the county relieved of all future maintenance. Read the display advertisement in this issue of THE NEWS.

BASE BALL NOTES

Perhaps the most remarkable game of base ball played in Paris for many years was that at the Second street ball park Wednesday afternoon between teams representing the Methodist and Christian churches. The game was remarkable from the fact that the scorekeeper almost had a case of nervous prostration and writer's cramp in scoring the runs, hits and errors. The game was witnessed by a large crowd, who cheered both sides impartially on both good and bad plays. Frank B. Goodman, ("Goodie") former Blue Grass League Star, who is visiting relatives here, umpired the game, and found no difficulty in getting his decision through. The game closed with a "brilliant" victory for the disciples of John Wesley, who piled up a total of 25 runs to their opponent's 13. Considering the day was the 13th of the month that 13 was a hoodoo for the followers of Alexander Campbell. The batteries were: For the Methodists—Mastin and Soper; for the Christians—Mitchell, Wagner and Arnsperger. THE NEWS would like to publish the box score and summary of the game, but space is too limited, and somebody might object.

The Paris Ruggles Team will play the Mammoth Garage team of Lexington, Sunday afternoon at the Second street ball park. A good game is assured. The game will be called at three o'clock sharp. Come out and "root" for the home team, and help them down the Lexington aggregation.

The Millersburg White Sox baseball club will play a game with the American Legion team, at Millersburg High School grounds tomorrow (Saturday) afternoon. Both teams are in excellent condition and expect to put up a good game for their patrons.

BOURBON GUN CLUB ALL-DAY SHOOT

The Bourbon Gun Club will hold an all-day shoot to-day, on the club grounds in East Paris. The shoot will begin promptly at nine o'clock this (Friday) morning.

The shoot is being given to the club members and all visiting trapshooters from other towns as a practice day before the State tournament, which is to be held in Louisville on July 20, 21 and 22. A real treat is in store for the shooters who attend. An old-fashioned Bourbon county picnic dinner will be served at noon free to all the participants in the tournament.

MEMBERSHIP CAMPAIGN FOR CO-OPERATIVE TOBACCO ASSOCIATION

An enthusiastic meeting of the Bourbon county branch of the Burley Tobacco Co-operative Association was held at the court house in this city, Wednesday night, with a large attendance of representative tobacco growers. The meeting was called and presided over by Sam Clay, president of the local organization, who stated the objects of the meeting as called.

Short talks along the lines of the Burley tobacco co-operative marketing plan, as inaugurated by the Sapiro organization, of California, were made by different speakers. At the close of the addresses the sentiment of the members present was taken, it being unanimously in favor of the plan, which all agreed was one best calculated to further the interests of the tobacco growers and handlers of the Bluegrass.

It was decided to inaugurate a membership campaign, for the purpose of strengthening the local organization, to be prosecuted on Wednesday and Thursday, July 20 and 21. Chairmen for each precinct in the county were appointed, each chairman to select a committee composed of live wires from his precinct to assist in soliciting members for the organization, and to secure pledges to the Sapiro plan of marketing their tobacco. These committees will endeavor to see personally everyone in his vicinity who can possibly be interested in the plan to make him a member of the local organization.

The Sapiro plan of tobacco marketing has received the hearty endorsement of every banker in Paris and in the county, and this should carry added weight in the solicitation for new members. The chairmen of the committees hope every farmer and tobacco man will be ready when the solicitors come to see them, and to bring contracts signed. They want to see old Bourbon county placed in the forefront of this movement, as she has been in all others pertaining to the welfare of the county. This is a matter that vitally concerns the future of one of the county's most lucrative industries and should meet with the hearty approval of everyone interested.

A meeting will be held at Millersburg on next Tuesday afternoon, July 19, at four o'clock, in the interest of the membership campaign. James C. Stone, of Louisville, a prominent member of the State organization, and a speaker of decided ability, will be present and deliver an address in the interest of the movement, which will be one of the greatest interest to them.

The following is a partial list of those who have signed the co-operative marketing plan pledge to date:

The re-sale of tobacco bought by speculators on the breaks last winter for the price materially higher than that for which it was originally purchased, together with the fact that there is an increasing demand for tobacco at steadily advancing prices furnish an unanswerable argument in favor of the organization of the Burley Tobacco Marketing Association.

Under the present system growers of tobacco are charged a commission for selling. The owners of the warehouses thought there was no limit to their profits and engaged in keen competition to secure additional space. There is twice as much warehouse space as there is any need for under any reasonable system of marketing. The surplus, if the present system is continued, will be paid for again and again by the tobacco growers. Yet the growers never obtain any interest therein for the commission they pay.

The surplus millions of dollars invested in warehouses in the Bluegrass are but one illustration of the waste of the present system. There are other illustrations just as glaring to which we shall call attention hereafter. But to-day we urge our readers—whether they be tobacco growers or city folk—to consider the rel-

OFFICERS SEIZE LIQUOR IN MAN'S HOME

Armed with a search-and-seizure warrant, under the provisions of the prohibition enforcement act, Sheriff Will G. McClintock and Deputy Sheriff James Gibson, on Wednesday night, visited the rooms of Wilson Wilder, former L. & N. railroad man, on the second floor of the R. P. Main building, at the corner of Main and Seventh streets. Their search was rewarded by the discovery of a quantity of liquor, one-half quart bottle, four pints and eight empty bottles. One of the bottles contained Baker whiskey, which has figured prominently in the public prints in connection with recent thefts of whiskey in different localities in the State. The liquor was confiscated and taken to the court house to be used as evidence.

On a warrant issued before County Judge George Batterton and County Attorney D. D. Cline, Wilder was placed under arrest by Sheriff McClintock on a charge of having liquor in his possession for purpose of sale. He appeared in Court yesterday morning before Judge Batterton, and entered a plea of not guilty, waiving examination. He was held in the sum of \$500 bond for his appearance before the grand jury at the next term of the Bourbon Circuit Court, to answer to the charge. Bond was furnished and Wilder was released from custody.

BOY SCOUTS GO TO CAMP BOONE

Nineteen Boy Scouts of Paris left Wednesday afternoon for Camp Daniel Boone, the Y. M. C. A. camp at Valley View, on the Kentucky River, where they will spend several days in camp. The boys took along their regulation camp equipment, prepared to spend an enjoyable vacation, and return home fit and fine, physically and mentally.

The delegation was in charge of Leslie O'Neill and Robert Meglone, both experienced workers with boys. At the camp an expert staff is in general charge of camp activities. Harry Baldwin, Jr., Cletis Chipey, Robert McCarthy and Harry Roberts also left Wednesday for a two-weeks' stay at the big Y. M. C. A. camp at Mammoth Cave. The boys who went to Camp Daniel Boone were William Yerkes, Thomas Judy, Blawere Julian Howe, Jr., Russell Lenox, Collier, Ray Cahal, William Wilson, Joseph Mitchell, Keller Larkin, Thomas Spicer, Jr., Yutaki Minakuchi, Sol Feld, John Vanmeter, Woodford, Clarence Hill, Earl Tapp and Richard Tucker.

DOES VERY WELL, THOUGH A CRIPPLE

Jesse Griggs, formerly a resident of Bourbon county, where he lived for many years on the farm of Mrs. Lou Combs, near Centerville, was in Paris recently for the first time in several years. Griggs had the misfortune to lose both legs during the world war, but the loss has been partially supplied by two cork limbs. By the aid of a cane he can get around almost as well as one provided with Nature's own underpinning. He has just returned from the Walter Reed Hospital, in Washington, where he has been a patient for some time. He is a native of Winchester, where he is at present visiting.

WANTS TO ORGANIZE COUNTY AUTO CLUB

W. D. Allen, field secretary of the Kentucky Motor Club, with headquarters in Louisville, was in Paris Tuesday conferring with Wm. E. Hacker, Secretary of the Paris Commercial Club, R. C. Ruggles, of the Ruggles Motor Co., C. S. Ball, of the C. S. Ball Garage, and others, in regard to the organization of a Bourbon County Automobile Club, to be affiliated with the State organization.

Mr. Allen was invited to attend the Blue Grass Highway meeting to be held in the near future, and an invitation was extended to Albert L. Terstegge, president of the Kentucky Motor Club, to be present and address the meeting.

ENGINEER INVESTIGATES FISHING CLUB SITE

As a result of an examination made Tuesday afternoon by J. D. Wilson, Louisville civil engineer, of the grounds recently donated by Louis Rogers for the purpose of building an artificial lake, it was found that the ground will not hold water sufficiently well to justify the building of the lake at that point. A committee composed of Mr. Wilson, Louis Rogers, Frank Kiser and L. A. Arbery is investigating other sites for the proposed new club house and lake to be used by the fishing club.

ADJUDGED INSANE

In Judge Batterton's Court, Wednesday, Lucy Lyman, colored, was adjudged insane by a jury and ordered committed to the Eastern Kentucky Hospital for the Insane at Lexington, where she was taken later by a Hospital attendant.

Active differences between the results of the sales of tobacco under the present system last winter and what it is now absolutely clear would be the prices with the Co-operative Marketing Association in operation.

PUTTING PARIS POLITICS IN THE CHAUTAUQUA

A great howl has gone up from a large per cent. of the patrons of the Chautauqua here about one of their speakers injecting local politics into one of his addresses. Patrons say they pay their admission fee to hear something educational and instructive, and not to be treated to the exploitation of some local candidate's aspirations for office, and to cheap politics.

Probably this particular star was imposed upon and something put over on him. This celebrated detective-orator had better look out or some one might sell him a gold brick before he gets back to Chicago.

THE BOOSTER TRIP

The pathfinders for the Bourbon Boosters' trip, scheduled for July 19, are rapidly getting everything ready for the big trip, which is to cover every portion of the county. Everywhere along the line they have met with a most cordial response and assured of the earnest co-operation of Bourbon county people. Millersburg has promised to send a delegation to Ruddles Mills to meet the members of the party.

From reports received by the Boosters this trip will go on record in point of attendance and enthusiasm, as nearly every merchant in Paris will be represented. A parade through the streets of Paris and a concert by the new band will be staged before the departure of the Boosters. If you have a car, join in the parade and also go on the trip. The ladies will enjoy the trip, too, so take your wife, mother, sister or sweetheart along, and "meet the people."

At each stop short addresses will be made by local speakers and a program of musical selections rendered by the band. Souvenirs of the trip, advertising Paris business houses, will be distributed, and the boosters will make every effort to remind country people that they want them to "Trade At Home," and will offer inducements to do so.

ATTENTION, CANDIDATES!

You cannot make affidavit to your campaign expense account, unless you have fully itemized every cent you have expended in any way for that purpose, as required under the provision of the election laws. If you have not paid your advertising and job printing accounts with THE NEWS, you should do so at once, so you will be in the clear when you come to make up your expense account for filing with the State. All such items will have to be included, so come in and square up, and be happy ever after.

FORMER PARIS GIRL TO GO TO PANAMA

Mrs. Marie Prall Mason, of Danville, has just been notified of her appointment to a position in the American Legation at Panama. Mrs. Mason has for some time been official stenographer for the law firm of Bagby & Hughey, in Danville. She is now making preparations to go to Cleveland, O., where she will visit relatives for a few days. She will sail on the steamer "Goethals," from New York, on Friday, July 22.

Mrs. Mason will be remembered in Paris, where she spent her girlhood days. She is a daughter of the late Col. and Mrs. John A. Prall, who resided in Paris for many years, and was noted for her beauty and talents. Col. and Mrs. Prall, during their residence in Paris, made their home with Misses Lulu and Winnie Williams, in the old Williams home, situated on Pleasant street, now occupied by Mr. and Mrs. James Doty. She has a host of friends and acquaintances in Paris, who wish her success in her faraway home.

THE STATE NEEDS DR. FRANK McVEY.

At a critical period in its history, at a time when the State is awakening not only to its importance, but to its needs, the University of Kentucky is threatened with the loss of its president.

Dr. McVey is recognized throughout the State and elsewhere as an able and efficient executive, more-over a man with vision and ideas. His loss would be lamented any time. It is particularly unfortunate now. A decision by Dr. McVey to stay in Kentucky to complete the work so admirably begun would be most heartily welcomed.

NEW AUTO LINE

A new motor bus line operating between Paris, Mt. Sterling and Owingsville has been put into service. The big motor bus made its first trip Monday. The line is being operated by Esna Mayes, of Owingsville. The bus will leave Paris each night at 6:45, reaching Owingsville at ten o'clock, and making stops at way points between the two towns.

CANDIDATES GET BALLOT POSITIONS

Candidates for the county and city offices gathered Tuesday afternoon in the office of County Clerk Pearce Paton and drew for positions on the ballot to be used in the primary election on August 6. The drawing resulted as follows, in which order the candidates will appear on the official ballot:

County Court Clerk—Pearce Paton, J. B. Caywood.

Sheriff—R. Ed. Bedford, M. Peale Collier.

Jailer—Ed. Herrin, John T. Maher, W. S. Menifee, Joe. A. Smith, W. O. Butler, James E. Taylor.

Tax Commissioner—Ben Woodford, Jr., Joe B. Smith, John J. Redmon.

Mayor—F. E. Nelson, J. W. Brown, John Merringer, D. C. Parrish, E. B. January.

Councilmen, First Ward—Geo. D. Speakes, W. W. Mitchell, John J. Williams, Wm. Kenney, James W. Connell, John Christman, Sr.

Councilmen, Second Ward—Catesby S.W. Spears, Wm. Curti Henry, R. C. Ruggles, Frank M. Skillman, Frank P. Kiser, Bernard J. Santen.

Councilmen, Third Ward—J. T. Tucker, Geo. L. Doyle, C. F. Redmon.

After the matter had been settled, to the more or less satisfaction of the candidates, Miss Grace Haskins, of County Clerk Paton's office force, invited the candidates to the basement of the court house, where, assisted by several lady candidates, ice cream cones were dispensed through the generosity of J. W. Stone, local representative of Hughes & Co., Lexington. The candidates, court house officials and spectators all enjoyed the treat.

BOURBON PEOPLE PETITION FOR THRELKELD PARDON

A petition signed by 1,035 citizens of Jessamine county for the pardon of Prof. T. B. Threlkeld will soon be submitted to Governor Morrow for his consideration.

A petition circulated in Bourbon county for the aged professor, who is now confined in the State reformatory for the killing of Arthur Deaman, which contains the signatures of 250 prominent business and professional men, has been received in Nicholasville.

VISITS PARIS IN INTEREST OF CHAPTER

John O'Dowd, of Winchester, was a visitor in Paris, Tuesday evening, in the interest of the World War Veterans. Mr. O'Dowd interviewed a large number of former service men in regard to establishing a chapter of this organization in Paris, and was greatly encouraged by the reception he received.

EDITORIAL FLINGS OF THIS THAT 'EN 'TOTHER

Some persons protest against the high bacterial count in ice cream, others protest against the price, but when the mercury passes ninety-five, going up, the protesters have a truly catholic attitude toward bacteria and prices.

The Paris man who asks you how you slept last night and who says—when you admit you didn't—that he slept under a blanket, should not be hit over the head with a lead pipe. Strenuous exercise is to be avoided. Even fly swatting may superinduce heat prostration.

A person doesn't have to go to India to get run over by the juggernaut car when he wants to take a short cut to Paradise. He can stay in Paris and try to cross Pleasant (or any other old street) and get run over by an automobile driven by a careless driver, whether he wants to or not. If he doesn't land in Paradise he will land somewhere else—it will not be the fault of the chauffeur.

Let us now cast aside all partisan politics, and pull together to the end that all may again be prosperous. Let us clear the way, so that those whom we have placed in power in city, State and Nation, whatever their politics, may easily reach their highest aspirations, and know that we appreciate their efforts and shall always esteem the memory of their great deeds, done for the welfare of all the people.

TOO HOT FOR LOAFING

According to a gifted scribe who devoted close attention to the happenings at the training camps of the pugilists, the main point considered in reference to the condition of the champion and the challenger was whether or not the men were sweating pretty. For to perspire becomingly is the mainspring of muscular perfection in hot weather.

Many people overlook the beauties of sweating. The dainty actually prefer not to sweat. They think it is unrefined. Their idea is to avoid any exertion and to keep their physical temperature below the point where saturation sets in. But their notion is all wrong. The correct notion is to sweat and be happy. The man in the hammock is about forty degrees hotter and about 100 per cent. unhappier than is the man who is wielding the hoe or following the humble mule as the double-shovel plow turns over the clods in the cornfield.

Shade has a reputation for delightfulness, but this is based mainly on the fact that perspiring persons feel so gratifyingly cool when they first get into the shadow of the foliage. But the pleasurable sensation traces back to the moist condition of the body. The nonsweater finds little relief in the shade. He gets less chance at a breeze and is subject to choky sensations. The fisherman, sitting on the bank of the stream, has about as much comfort as if he were at home near the kitchen stove. The woman on the divan is miserably hot. The loafer, everywhere, suffers severely from the heat.

The moral of it all is to get up a sweat. If the idle would be happy, the secret of bliss can be found in work, play, or in anything that will open the pores and make the perspiration flow. Therefore, the rule for hot weather is to sweat pretty and be happy.

SCREEN STAR TO WED SON OF FORMER PARISIAN

(R. S. Porter, in Lexington Leader) Perhaps no screen star of the present era has a larger list of admirers than Mary Miles Minter, known wherever motion pictures are shown as "the Darling of the Screen," but it remained for a son of a former Paris, Ky., man to win her heart and hand.

The announcement of their engagement has recently been made through a letter received in Paris. The lucky young man is Orville Erringer, of Portland, Oregon, son of Clarence Erringer, of Chicago, and grandson of Theodore Erringer, for many years agent in Paris for the Louisville & Nashville Railroad Co., and manager of the Paris branch of the Western Union Telegraph Co. The groom-to-be is the northwestern manager for a large fruit packing corporation of California. His headquarters are in Portland. His father is general traveling agent for an automobile concern in Chicago, and is now on a trip through Canada to British Columbia. It was during a recent visit to her prospective father-in-law and his mother, in Chicago, that the engagement of Miss Minter to Mr. Erringer was announced.

On July 4, Miss Minter left New York on board the steamer Olympic for a two months trip through Europe, during which she will visit England, Belgium, France, Italy and Spain. Shortly after her return the wedding will take place, probably at her home in Southern California. It is said that Mr. Erringer and his bride will devote a portion of their honeymoon to a trip through the Bluegrass, which will include a visit to Paris, the place of his father's birth and early manhood, of which the young man has heard so much but which he has never visited.

Young Erringer is said to have first met his bride-to-be while on a business trip to Hollywood, Cal., where Miss Minter was engaged in the production of the picture, "All Souls' Eve," in which Miss Minter assumes the dual role of Nora O'Hallahan, and Alice Heath. Mr. Erringer witnessed the production of several scenes of the play, and it said quickly lost his heart. Then began a courtship, which engaged every moment of the young star's unoccupied time, and in which the young Kentuckian was finally successful.

It is not known what her approaching marriage will have upon the future of the screen star, whether she will settle down in a cozy little bungalow with her young husband and devote the remainder of her life to his happiness, which, of course, will mean her own, or whether she will devote a few more years to the pleasure of the thousands of her admirers who look forward eagerly to the coming of her latest production of the screen.

All Paris society is agog over the prospects of a visit from the young couple in the fall, and many are already preparing for receptions in honor of the screen favorite and her equally popular young husband.

Mary Miles Minter's real name is Juliet Shelby, and among her intimates she is still affectionately called Juliet. She was by birth destined to become an actress and the story is a wonderfully interesting one. Before she saw the light of day her mother, Mrs. Shelby, who had been born and passed her entire life in Texas, was compelled to move to Shreveport, La. She grieved for months over the loss of her old friends, the separation from her mother, and was unable to reconcile herself to her new surroundings. She voiced her discontent continually and her self pity was accentuated to such an extent that Mary was born with a birthmark. Mrs. Shelby felt that she had been punished for her complainings. A bright red star showed on baby Juliet's forehead. Her mother was convinced that her resentment at being compelled to leave Texas, her beloved "Lone Star State," was responsible for the mark.

About two years ago Mary subjected herself to electrolysis treatment, with the result that only a faint outline of a perfect five-pointed star remains, "right in the middle of her forehead," where cunning curls hide it so well that no one has ever suspected Mary of being a Texas baby. Recently an astrologer examined the birthmark, and said to Mary's mother: "You've always worried about that mark and blamed yourself for its presence, haven't you? You should be glad your daughter has it, for it is the insignia bestowed by Fate foreshadowing her stardom on the stage and screen."

EASTERN DISTRICT RED CROSS CONVENTION

To-morrow the Eastern District State Red Cross Convention will be held in Lexington, in the ball room of the Phoenix Hotel.

More than 70 Red Cross chapters of that many counties of the Eastern half of Kentucky have been asked to send delegates. The convention delegates will have a luncheon at the hotel.

The purpose of the convention will be to discuss methods and policies of the American Red Cross and to help plan for future work. The Lexington chapter is extending the invitation of the convention and the details and program are in charge of Miss Linda Neville, of Lexington, field representative of the Lake Division of the Red Cross.

Mrs. George Hunt, the vice chairman of the Lexington chapter and Miss Linda Neville, with many others interested, are planning to make the convention a very successful and helpful event.

FALLS FROM LOFT

While gathering eggs in the loft of a barn at his home on Second street, Ben Lewis stepped through an opening in the floor, falling to the ground, a distance of about ten feet. He sustained two fractured ribs and other injuries, painful but not serious. He was removed to his home and given medical attention.

OWNER OF LONESOME DOG CLAIMS HIM

Some time ago THE NEWS told the story of a faithful dog which had been haunting the front and side doors and the corridors at the Paris postoffice, closely inspecting every arrival, as if searching for its owner. The story of the dog went far and wide, as evidenced by letters received by Postmaster J. Walter Payne. One woman came all the way from Indiana, in hopes of identifying the dog as belonging to her, she having lost a valuable canine from her automobile while touring the Bluegrass. Letters were received from different parts of Kentucky and Indiana, stating the owners had lost a dog in Kentucky while traveling in their machines, but none could positively identify the Paris dog.

The animal was finally claimed by a Bourbon county colored man, who proved his right to ownership beyond all doubt, and the animal was turned over to him. The dog was overjoyed when he finally found his master, and showed every evidence of happiness. But the other disappointed ones are no doubt wondering where their pets are in all this broad land. And what mystifies Mr. Payne is how the news became so widespread.

NEW CIRCULAR OUTLINES THE SCHOOL LUNCH PROBLEMS

The hot school lunch is coming to be an important institution in many rural schools of Kentucky, according to a new circular on school lunches from the College of Agriculture, which is being distributed to interested persons in the State. The publication has been designed to help one-room schools which are starting with one hot dish for lunch, but it also contains information which can be used by schools serving several dishes or a complete lunch. The circular discusses a number of points in detail, including equipment, preparation of the lunch, serving, keeping accounts, planning lunches and suggestions for lunches.

It also includes a number of receipts which can be used in preparing the lunch. The circular is No. 95 and may be obtained free by writing the Experiment Station, Lexington.

GASOLINE SAFETY RULES

Take no chances with gasoline. It is one of the most dangerous inflammable liquids in daily use.

Use none but approved containers for it—glass bottles never. Never use it in the home; vapor travels fast and might reach a fire, causing explosion. It has done it before and under favorable conditions would do it again.

As a cleaning fluid it is very dangerous; better use approved cleaning fluids to be had at drug stores.

Gasoline is always unsafe in large quantities above ground; underground tanks should be provided.

Smoking in the garage or about gasoline is flirting with the undertaker and gravedigger.

Never throw water on a gasoline fire; use chemical fire extinguishers or sand—smother it out.

HERE'S HOPE AT LAST

The katydids have sung. Sweet music! For six weeks later, according to the weather prognosticators, there will be frost.

While the boiling sun bursts one record after another and leaves his helpless victims to swelter, curse and pray, there is some consolation in believing that there will be a change.

It was the night before last that persons sitting out on porches and in lawns trying to catch the breeze heard the joyful chorus of the katydids. Their music may be of a jazz type, not the most beautiful of nature's majestic songs, but this was one time their chirping sounded like a mighty choir of angels singing.

In August—if we only live that long!

HAS ARM BROKEN

While walking in the yard at her home on Nineteenth street, Tuesday, Mrs. D. T. Boaz, wife of Dave Boaz, carpenter, tripped and fell, her right arm being broken near the wrist. She was removed to her home and a physician called, who set the broken member. Mrs. Boaz was reported yesterday as getting along nicely.

RAILROAD ENGINEERS HAVE THEIR OWN BANK

The Falmouth Outlook has the following note of interest regarding a former resident of Paris, a very popular railroad man:

"T. Lawrence Dickerson, who is passing a few days at his summer cottage here, dropped in to see us and celebrated the Fourth by renewing his subscription with a \$5.00 bill on the Brotherhood Locomotive Co. Operative National Bank of Cleveland, Ohio. This bank was organized by the Brotherhood eight months ago and now has \$6,000,000 deposits. It is supported by railroad engineers all over the United States. Mr. Dickerson resides in Covington and is the Chief of the Brotherhood Engineers in this division, with 207 members. Mr. Dickerson is one of the oldest and best engineers on this branch of the L. & N. R. R."

WHAT PARIS WANTS TO KNOW

The Answer Is Found In The Statement of a Paris Resident

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Paris man:

Phillip M. Heller, proprietor meat market, 314 Second street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. Whenever my back has been weak or lame or my kidneys have acted too frequently, causing me to get up during the night, a box of Doan's Kidney Pills which I get at Varden & Son's drug store has always given fine relief. I certainly think Doan's are a splendid remedy and gladly recommend them to anyone." (Statement given November 9, 1916.)

On November 12, 1920, Mr. Heller said: "I am glad to say the cure Doan's Kidney Pills made for me has been a lasting one. All I said in the past in favor of them I now confirm, for I think just as highly of Doan's to-day as I ever did."

TO BRING BROOD MARES TO BOURBON

John Miller, of Lexington, left for Saratoga the other day with seventeen yearlings from R. T. Wilson's Kirklevington Farm in his charge. These youngsters, nearly all by Olambala, are to be trained by Tom Healey, who has one of his own to go with them. Miller expects to go to New York from Saratoga to bring out a number of brood mares, the property of various owners. Three of the number now are on the way over from Europe, two having been purchased by E. F. Simms for Xalapa Farm and the other by A. B. Hancock for his Clayborne Stud. On his next trip East, Miller will take to Saratoga nine yearlings belonging to Jos. E. Widener, raised at his Elmendorf Farm, and to be trained by Tom Welsh.

CINCINNATI POST PICTURE PUZZLE FUN GAME

How Many Objects in This Picture Start with the Letter "C"

The Picture above contains a number of objects beginnings with the letter "C." Just take a good look at the picture. There are all kinds of things that begin with the letter "C"—like cow, calf, cane, etc. Names of which begin with the letter "C." See who can find the most. Don't miss any. Fifteen Prizes will be awarded for the fifteen best lists of words submitted. The answer having the largest and nearest correct list of words submitted will be awarded First Prize; second best, 2nd Prize, etc. (Extra Puzzle Picture Free on Request.)

Everybody Join In

The "Cincinnati Post" announces a most interesting and amusing puzzle—a puzzle that is different and in which all can participate—from the tiniest child to grandfather and great grandma. It really isn't a puzzle at all, for all the objects have been made perfectly plain with no attempt to disguise or hide them. None are so small but what the poorest eyesight can see them; it is a test of skill. Your ability to find "C-words" determines the prize you win. Right after the dishes are done this evening, gather all the members of your family together; give each one of them a pencil and sheet of paper—and see who can find the most "C-words." We know you will enjoy it, for everyone loves a puzzle.

Open to All—Costs Nothing to Try

The "Post" invites you, Mr. and Mrs. Reader and Family, to join in this puzzle game. We know you will find it to be the best game ever—full of fun and excitement; educational and interesting to all. Now that is saying a lot, but wait until you have tried it. We venture to say: "You will never have as much fun." Write down those C-words you have in mind right now. Study the picture carefully. It is an interesting picture, just bubbling over with fun for puzzle lovers.

This is a puzzle game just for our readers outside the city of Cincinnati. No one living in Cincinnati is allowed to compete.

Observe These Rules

1. Any man, woman or child residing outside of Cincinnati who is not an employee of the "Cincinnati Post" or a member of an employee's family may submit an answer. It costs nothing to try.
2. All answers must be mailed by July 23, 1921, and sent to Puzzle Manager, "Cincinnati Post."
3. All lists of names should be written on one side of the paper only, and numbered consecutively, 1, 2, 3, etc. Write your full name and address on each page in the upper right hand corner. Do not write subscribers' names or anything else on same paper with list of words; use separate sheet.
4. Only words found in the English dictionary will be counted. Do not use obsolete words. Use either the singular or plural, but where the plural is used, the singular cannot be counted, and vice versa.
5. Words of the same spelling can be used only once, even though used to designate different objects. An object can be named only once; however, any part of the object may also be named.
6. Do not use hyphenated or compound words; nor words formed by the combination of two or more complete English words where each word in itself is an object.
7. The answer having the largest and nearest correct list of names of visible objects shown in the picture that begin with the letter "C" will be awarded first prize, etc. Neatness, style, or

You Can Win \$1,000

This C-Word Picture Puzzle Game is a Campaign to increase the popularity of the "Cincinnati Post" outside city of Cincinnati. It costs nothing to take part. It is not a subscription contest, and you do not have to send in a single subscription to win a prize.

If your list of "C-words" is awarded first prize by the judges, you will win \$35.00, but if you would like to win more than \$35.00, we are making the following special offer during the big Publicity and Booster Campaign, whereby you can win bigger Cash Prizes by sending in ONE or TWO yearly subscriptions BY MAIL ONLY. (Maximum two subscriptions) to the "Cincinnati Post" at \$5.00 a year.

HERE'S HOW: If your answer to the "C-word" Picture Puzzle is awarded first by the three independent judges, and you have sent in ONE yearly subscription to the "Cincinnati Post" by mail at \$5.00 (new or renewal), you will receive \$350 instead of \$35.

Or, if your answer is awarded first prize by the judges, and you have sent in TWO yearly subscriptions to the "Cincinnati Post," \$10.00 in all, you will receive \$1,000 in place of \$35.00.

How is this for a liberal offer? But look! We will give extra amounts on all prizes in the same manner. If your answer is qualified by TWO subscriptions and you win second prize, you will receive \$750, and so on down. (See 3rd column in prize list above.)

It takes but TWO subscriptions (new or renewal) to qualify for the BIG \$1,000 REWARD. ABSOLUTELY! two subscriptions is the maximum. Your own subscription will count, or subscription to start at some future date. Just write on the order when you want the paper started and it will start promptly on that date.

Anyone residing outside the city of Cincinnati may submit an answer, but only R. F. D. mail delivery subscriptions, or subscriptions to be delivered by mail in towns where The Post has no carrier, will count in the contest.

CAR UPSETS INJURING CYNTHIANA MEN

An automobile in which four Cynthiana young men were returning from Lexington turned turtle when the wheels caught in the interurban tracks at a point on the Lexington road near Paris. The occupants of the machine were thrown out, sustaining more or less severe injuries. Herman Renfrow was unconscious when picked up. He was brought to the Massie Memorial Hospital, in this city, where he was given medical attention, and was able to return to Cynthiana several hours later. Robt. Turner, Jr., Omar Cason and Ed. Griffith, the other occupants of the car, escaped with a slight shaking up. The car, which belonged to Robt. Turner, Sr., was damaged.

SMALL FIRE TUESDAY

An alarm from Box 14 Tuesday afternoon called the fire department to the residence of Mr. James Daugherty, on Mt. Airy avenue. Painters burning old paint from the weatherboarding with a gasoline torch left the torch too close to the woodwork, which ignited, filling the house with smoke. The blaze was extinguished with but small loss, the greatest damage being done by water thrown on newly plastered walls.

DEATHS.

CARPENTER
—Mrs. W. M. Carpenter, aged eighty-six, died at her home near Flemingsburg, of the infirmities of age. She was the mother of Mrs. G. W. Conrad, of Paris. Besides Mrs. Conrad, three daughters and four sons survive. The funeral and interment took place at Wallingford, in Fleming county.

SMELSER
—J. M. Smelser, of the L. & N. clerical forces, in Paris, received a message telling of the death of his father, Nelson F. Smelser, at his home in Abingdon, Va. Mr. Smelser was about seventy-two years old. He had been ill for some time from the infirmities of age. The funeral and burial took place in Abingdon.

SHARRARD
—Miss Alice B. Sharrard, daughter of the late Capt. Samuel Sharrard, died at her home in Louisville, after a short illness. She was a niece of Rev. J. T. Sharrard, of Paris, and James M. Allen, editor of the Cynthiana Democrat. She was a talented woman, and had for many years been an illustrator for the Ladies' Home Journal and the Ceramic Studio, an art publication. The funeral and burial took place Tuesday afternoon in Cave Hill Cemetery, in Louisville.

SIMON'S JULY CLEARANCE SALE

Now Going On

Many Offerings are Marked, Regardless of Their Former Selling Price, at Low Prices Which Insure Immediate Clearance

Simon's Clearance Sales are famous for their values, and the great semi-annual selling event is filled with offerings which make it the greatest economy event of the year. Many of these afford a saving of one-third to one-half the regular price.

These low prices mean immediate disposal, and are in line with the Simon policy of merchandising, which precludes the carrying over of style merchandise, or broken sorts, into another season.

You Can't Beat This

WHEN you pay your household bills, C. O. D. packages and all general expenses with Protectu checks, you are sure that the amount of the check is protected from being raised, if by accident your check is lost and may pass into the hands of either an amateur or professional check raiser.

With the Protectu system, you can make your check proof against check raising. This check has a series of numbers lithographed in indelible ink on the end of the check. By a cutting device, the end of the check is cut or torn when the check is made out so that the highest amount indicated on the margin represents the maximum limit of the check.

We have arranged to supply all of our customers with Protectu checks and a Protectu folding pocket cover with cutter attached as shown in illustration. Others who wish to avail themselves of its use may call at our bank and receive them without cost by opening an account in this bank. SPECIAL REGISTRATION

A special registration will be held in the office of County Clerk Pearce Paton on Saturday, July 23, for the benefit of those who have become of age since the last election; those who were out of town sick, or detained at home by reason of illness in the family, or who have removed from one precinct to another, to properly register for the primary election August 6.

K. OF P. BOX SUPPER

Capt. Wm. W. Dudley is planning to give a box supper at an early date as an inducement for securing a full attendance of members of A. J. Lovely Company, Uniform Rank, Knights of Pythias. Due notice of the date and further particulars regarding the event will be given through the columns of the local papers. Capt. Dudley promises this event will be a hummer, worth attending.

WHEAT CROP SAID TO BE BAD

The wheat crop in Bourbon county this year is said to be the worst in many years, not only in the yield, but in the quality. One thresherman told THE NEWS man yesterday he had worked over eleven fields recently, and only one of the number had graded out well. The Paris Milling Co. yesterday quoted the price of \$1.20 per bushel for No. 2 new wheat.

WOMEN START ANTI-CIGARETTE CAMPAIGN

The fight against the manufacture and sale of cigarettes in Kentucky is shortly to be launched in Louisville. Parkland women connected with the Women's Christian Temperance Union are taking the campaign under way and have issued the edict, "The Cigarette Must Go." It is believed the organization is preparing to launch an anti-cigarette campaign before the Legislature at Frankfort next January as part of a nationwide cigarette prohibition movement.

GETTING READY FOR THE BOOSTER TRIP

Everybody is getting ready for the big trip of the Bourbon Boosters next Tuesday, July 19. The pathfinders have been out for three days arranging for receptions at all the towns and have the assurances that a hearty welcome will greet all those in line. Millersburg will send a delegation to meet the Bourbon Boosters at Ruddle's Mills and the Chamber of Commerce at North Middletown has pledged a support so hearty that a great successful trip is assured. Now's the opportunity to get acquainted with everybody else in the county of Bourbon and those glad handshakes will gladden your hearts and increase the joy of living. Pack your auto full and we'll all have a great big, grand, glorious time.

BICYCLE RIDERS MUST KEEP OFF PAVEMENTS

Several times THE NEWS has called attention to complaints brought to the attention of the police regarding children riding bicycles on the sidewalks. The attention of parents is again called to the fact that there is a city ordinance prohibiting riding bicycles on the sidewalks, and providing fines for violation of same. There have been a number of complaints recently to the police regarding this practice, and this warning is issued to parents to keep their children off the sidewalks or the law will be enforced, and each and every offender arrested. This would seem to be a strong argument in favor of municipal playgrounds. If the children are prohibited from using the sidewalks as juvenile speedways for their bicycles, and are forced into the streets they are in danger of being over by careless motorists. So are literally "between the devil and the deep blue sea." Where can they go for their amusements?

SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should
Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

NOTED RACERS RETIRED

Believe Idle Hour, E. R. Bradley's crack 3-year-old filly, which broke down while running in the Spring Hill Farm Handicap at Latonia, Friday, with a sprained tendon, together with the 4-year-old Busy Signal, which finished her racing days in a fall at Latonia, June 17, and ten 2-year-olds from the Bradley stable left Latonia, Saturday night, for Lexington and were taken to the Bradley farm near Lexington.

Busy Signal and Believe Idle Hour will not be raced again, but will be retired to the Idle Hour farm for breeding purposes. The latter filly had won her last two starts at Latonia in brilliant style, although she had come out of the last race with suspicious-looking underpinnings.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. FORTY-FIFTH IN THE RACE AND NO WONDER

COLVIN FAVORS THE AMENDMENTS

State Superintendent of Public Instruction Gives Reasons
for Changes Asked In School Laws

Kentucky is perilously close to the end of the line of states in the education of her children. She is only three places from the end of that long line. This bare statement of a very disagreeable fact should force every red-blooded man and woman in the state to resolve that a change must be made in the near future for the childhood of the state.

The following statement, which was given your reporter when he visited Frankfort lately, is what the Hon. George Colvin, the present State Superintendent of Public Instruction, thinks of the school situation in Kentucky at this writing. Every man and

the people. In education Kentucky ranks forty-fifth among the states. Until recently the attendance in our public schools was 37 per cent. Our teachers are not only the most poorly paid but they are the most poorly prepared of any state in the Union with the possible exception of two. It is not because Kentucky children cannot be taught; it is not because Kentucky teachers lack capacity to learn or devotion to teach; it is simply because children and teachers alike have not been given a chance. No man who loves Kentucky, who loves Kentucky's childhood can be satisfied with Kentucky's condition educationally. Nothing has contributed to this condition more largely than lack of competent, conscientious, continued, educational leadership.

Parties Back Movement.

"Both political parties in Kentucky have proposed through a plank in their platforms to take the office of State Superintendent out of politics and to place it upon a professional basis and to make it possible for a Superintendent to succeed himself. The administration of our schools ought not to be a political issue. The rights of our children do not admit of any division of opinion. Democrats and Republicans alike believe that the Kentucky child should be given a school system worthy of that child. The two political parties do not differ in their attitude toward schools any more than they differ in their attitude toward the Ten Commandments. The adoption of the proposed Constitutional Amendment will unite the two parties in practice even as they are now united in principle in their support of schools. The adoption of the amendment will give the Legislature the power to fix the term of the Superintendent; will give the Legislature the power to prescribe the manner of his election; will give the Legislature the power to place the office upon a professional rather than on a political basis. The State Superintendent is the only school administrator in Kentucky that is now politically elected. The President of the University is appointed by a competent board because of professional fitness alone. The Presidents of the two Normal Schools are appointed in the same way. The superintendents of our city schools are appointed by boards because of demonstrated fitness not because of political affiliation. County superintendents are appointed again in the same way.

Is Not a Political Issue.

"There is no opposition to the amendment anywhere. It has been unanimously endorsed by the Kentucky Educational Association. The Kentucky Educational Survey Commission insists that we cannot hope for any great improvement in our schools until this amendment has been adopted. The Federated Women's Clubs of Kentucky have endorsed it. Rotary Clubs and Boards of Trade and Chambers of Commerce throughout the state have endorsed it. Both political parties have endorsed it. The Legislature that proposed it did so by the votes of the members of both parties. It is not a political issue. It is not proposed in the interest of this party or that party; it is proposed solely in the interest of the Kentucky child. For the sake of the Kentucky child, the Kentucky voters should make the vote in favor of the amendment so overwhelming that no man could any longer be in doubt about Kentucky's determination to have a school system equal to any in the nation."

Geo. Colvin.

woman in Kentucky should read it most carefully and then act definitely when voting on the two amendments to the Constitution at the November election:

"Education in Kentucky in the past has suffered more from lack of a definite policy and a continued program than from any other single cause. Every four years administration of our schools is changed. Under the law no State Superintendent can succeed himself. Our school laws are a sort of legislative crazy quilt. Each succeeding Superintendent adds a patch or two that may or may not harmonize with the whole. No business can succeed if its policies are changed every four years. The administration of schools is the State's biggest business. In no department of government is a permanent program more necessary than in the administration of schools. Kentucky will not have better schools until she has better administration of her schools. Kentucky will not have better administration of her schools so long as she has politically elected Superintendents serving only four years.

System a Growth.

"A school system is a growth and not an enactment. It cannot be created overnight. It must conform to the genius of the people of the state. It must meet the needs of the people of the state. Kentucky cannot borrow from any state a school system that will entirely meet her needs. She must develop her own system. It will need Kentucky's best leadership to develop this system. This leadership cannot be had under the present method of selecting State Superintendents.

"Those who tell us that Kentucky has not suffered from politically elected Superintendents are either misinformed or are deliberately misleading

HOW CITIZENS CAN HELP FIGHT A FIRE

Motor apparatus has been of great value to municipal fire departments in promoting rapid transportation to fires. Like everything else, however, motor apparatus has also introduced new problems. People who have automobiles can travel to a fire as conveniently and rapidly as the fire department itself. In many cities people seem to believe that their presence at a fire as soon as possible is imperative. These people trail along behind the first piece or two of motor fire apparatus going to the fire, closing the streets not only on the highway leading to the fire itself but particularly at the place of the fire. The consequence is that second and third alarm apparatus frequently have difficulty in getting its position quickly. All street traffic should be required to turn the curb until all the fire apparatus has passed.

Baboons sometimes throw stones at their enemies.

Louisville Woman Finds Tanlac Is a Good Thing For Both Old and Young

"Every time I look at my children and see their rosy cheeks and watch them play I think what a wonderful blessing Tanlac has been to our family," said Mrs. Mattie Martin, 1710 Owen street, Louisville, Ky.

"It also has been a wonderful help, as it restored me to health five years ago when I was almost on the verge of a breakdown and actually was so weak I couldn't walk up and down the steps. It put my stomach in first-class condition and ever since then I have never had the slightest distress from indigestion and have felt strong and well all the time."

"I have found out that Tanlac is just as good for children as it is for grown people, and I give it to mine every time one begins to look a little puny and immediately it sets them right. It is such a grand family medicine, good for young and old. Of course, as a mother I like for other mothers to know my experience and that is the reason I so willingly endorse Tanlac both in private and public."

Leprosy Not Fully Understood.

Leprosy is still somewhat of a puzzle to medical science, and the means by which it is spread has never been satisfactorily determined. The housefly is suspected of occasional agency in the matter, but the case against that insect has never been proved. In a considerable majority of cases studied personal contact with lepers seemed unquestionably to be accountable for the infection.

MADE CHAIRMAN OF MEMORIAL BUILDING CAMPAIGN

James C. Williams, Louisville, has been elected chairman of the State committee of the memorial campaign of the University of Kentucky, launched in 1919 to raise \$300,000 with which to build a memorial building on the university campus in honor of the 2,765 Kentuckians who died in the World War.

Mr. Williams succeeds Edward W. Hines, who died several months ago.

Mr. Wilson, who has been a member of the State committee since its organization in 1919, is a well known broker of Louisville, and was active in Red Cross work and other organizations connected with the war.

Since the campaign has been launched in 1919, \$169,000 has been subscribed, and the State Committee this fall will arrange plans to canvas 98 counties in the State that have not contributed. The nature of the building to be erected has never definitely been decided upon.

BOURBON FARM CONDITIONS

The continued drouth has been working havoc with the crops on farms, and only a long period of rain can save them from the evil effects of the dry weather. The past week of dry weather and scorching heat has caused the pastures and fields to dry up. The drouth is showing on the tobacco fields that seem to be able to stand the dry weather about as well as anything that grows.

The intense heat has caused the firing of many crops, although taken as a whole the tobacco and corn are in good condition. There is still time for the crops to be saved by a long period of rain, but the tobacco and corn are beginning to be stunted. Most of the wheat crops in the county has been threshed, and the yield is very disappointing, amounting to about one-fifth of the usual crop. Oats are very short and the heads are light. Harvesting of the crop is now in progress. Many fields are so short that the grain must be cut with a scythe or a mower.

SURGEON REMOVES FIVE SPOONS FROM STOMACH

Five full-size teaspoons were taken from the stomach of Mrs. Rosia Tucker Cowan, of Todd county, near Kirksmansville, when she was operated on at the Jennie Stuart Memorial Hospital in Hopkinsville.

An x-ray photograph, previously made, showed the spoons very plainly, one being to itself and the other four nestled together. Mrs. Cowan stood the operation well and her condition is regarded as favorable.

Just when or how Mrs. Cowan swallowed the spoons is not known. Her mind became affected several months ago and she was sent to the Western State Hospital for treatment. She remained a while, then going home, was later returned to the institution. She often threatened to swallow spoons or said she had swallowed one, but no laceration of her throat was visible.

FREDERICK A. WALLIS TO ADDRESS LOUISVILLIANS

Frederick A. Wallis, United States Commissioner of Immigration, Ellis Island, N. Y., will come to Louisville, July 28, according to an announcement made Tuesday, to speak at a joint luncheon meeting at the Rotary Club.

"Mr. Wallis is notably a man of affairs," it was said at the Board of Trade, "and his knowledge of the problem of immigration, now so vitally important, should make his address intensely interesting."

Arrangements for the joint meeting will be made by George R. Ewald, chairman of the Membership Committee of the Board of Trade, and W. E. Chambers, chairman of the Speakers' Committee of the Rotary Club.

AMERICAN LEGION MEN TO RE-VISIT FRANCE

The 250 members of the American Legion who tour France this summer as guests of the French Government, will visit the battle-scarred town of St. Die, well-known to Americans who served on the old Lunenburg front. Not many of the defenders of St. Die knew at the time that they were defending the house in which America got its name. In St. Die lived the Alsatian monk, Waldsee-Muller, whose suggestion it was that the Western Continent take the name of the navigator, Amerigo Vespucci.

SUN FIRES HOME; BABY IS DEAD

The rays of the afternoon sun, focused on a bed through a flaw in a window, set the bed clothing afire, it is said, and resulted in the death of Maggie Perkovich, a seven-months-old baby, near Benwood, West Va. The house was destroyed by the flames.

The child's mother made many attempts to rescue her daughter, but each time was driven back by the flames and smoke. It finally became necessary for neighbors to carry the frantic woman away.

HA! IT HAS COME AT LAST!

Enactment of a Federal Sunday "blue" law, prohibiting among other things the operation of inter-State Sunday trains and excluding Sunday newspapers from the mails, will be urged by the Methodist Central Sabbath Crusade Committee in a petition to be presented to Congress this week to be announced by Noah W. Cooper, chairman of the committee, on leaving Nashville, Tenn., Tuesday, for Washington.

A HOME COURSE IN DOMESTIC SCIENCE

"Twenty Lessons in Domestic Science," by Marion Cole Fisher has recently been received by us for review.

This is a complete advanced course in domestic science and home economics boiled down to meet the requirements of the housewife and the student.

The entire course consists of twenty practical lessons—one hundred pages filled with the most valuable information the housewife can possess—heretofore taught only in domestic science schools.

Do you know the relative value of food, which fruits to use for cooking, what purpose salads serve, the correct use of condiments, about proper kitchen equipments, about U. S. Government's bulletins, how to reduce the high cost of living, how to promote and protect your own and your family's health, how to make house-keeping simpler and more economical and pleasant by utilizing modern science in the home.

This book, we note, is priced at \$2.00 per copy and from what we understand it contains a complete \$100.00 college course, and it is practically FREE to every interested housewife.

Write the Home Economics Department of the Calumet Baking Powder Co., 4100-28 Fillmore St., Chicago, Illinois, for full particulars regarding the book and how to secure it.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions.

Then the Club Adjourned.

Some one told a good dog story and the inevitable better one followed. "We had a cat at home," related the quiet man in the corner, "which was fond of playing with the wife's ball of wool. One day the cat swallowed it, and some months later when kittens were born they were all wearing jumpers."

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.
